**Fun experiences at Japanese Folk Art Museum "Edo Mingu Kaido"**

Explanation of Tourist Attraction

This museum exhibits approximately 1,500 everyday articles from primarily the Edo era, but also the Meiji, Taisho and Showa eras. A point of appeal is that you can experience the old tools not only by looking at them, but by touching them as well! The museum will make you feel as if you have time traveled, and even offers a special workshop to try and start a fire using only these tools. Feel the wisdom and warmth of the Japan of old!
