Hiking course popular among families and children

Ohnoyama Hiking

Explanation of
Tourist Attraction

Ohnoyama(Mt.Ohno), which is filled with an idyllic atmosphere, is a hiking course popular among families and children. The mountain is gentle with an elevation of 723 m. The view of Mt. Fuji from its top is spectacular and was selected as one of the best views of Mt.Fuji in the Kanto region. Many hikers visit the mountain on the first day of climbing season of Mt. Ohno on April 29 and the Mt. Ohno Festival held on a Sunday at the beginning of November every year. The view from the hiking trail on the way down to Yaga Station is also splendid.

selling point

The hiking course has many good spots to view Mt. Fuji.

Nearby Sightseeing Spot

Shasui Falls

Shasui Falls, which flows down from the Takizawa River, a branch of the Sakawa River, is a famous fall selected as one of the "Best 100 Waterfalls of Japan." The water is also selected as the "Best 100 Waters of Japan."

Yamakita Railway Park

A steam locomotive (D52-70), which was used until 1968, is preserved in the park. There are many cherry blossom trees around the park as well as a good photo spot where the Gotemba Line runs through a tunnel of cherry blossoms.
