# KANAFAN International Exchange

In this season, we are pleased to present articles featuring events that were held during the autumn and winter season. With the aim of creating opportunities for exchange among international students, foreign residents, and Japanese people in Kanagawa Prefecture, the Kanagawa International Exchange Fan Club organizes monthly events where participants can interact, share experiences, strengthen connections, and deepen multicultural understanding within the community.

## esports festa

esports festa is one of the most popular events among Kanafan exchange activities! This year, featuring action fighting games, the program was divided into two categories: one for experienced players and one for beginners. The preliminary rounds were held in a tournament format.

Participants of different nationalities and generations came together, overcoming language barriers and competing with great enthusiasm, which made the tournament atmosphere extremely lively and exciting. We very much look forward to your active participation in future events!

## Subculture Quiz

The quiz competition was held for the first time with the theme of “subculture,” focusing on manga, anime, and games—popular forms of entertainment in Japan. This time, the event was conducted in a team-based format, allowing participants with shared interests to engage in lively conversations and creating an exciting and enthusiastic atmosphere.

## Kana Sanpo – Journey Along the Tokaido Route

“Kana Sanpo” is an international exchange activity that involves walking together and exploring the streets of Kanagawa Prefecture. Have you heard of “Hodogaya-juku”? It is one of the post towns along the Tokaido’s Fifty-Three Stations.

Through activities such as experiencing soba-making and visiting famous landmarks, participants have the opportunity to learn about and rediscover the history and attractions of Kanagawa, while creating memorable experiences throughout the journey.
