

Yokosuka Area

Yokosuka Navy Burger

Already established itself as Yokosuka's local specialty.

Commercialized according to the traditional recipe provided through courtesy of the U.S. Base, the volume of the burger is also true to its original large American size. The burger features 100% pure beef patty with no other ingredients, more than 170g in volume. You can only find the burger at the 12 officially appointed restaurants in the vicinity of the Base.

Kamakura Area

Kamakura-bori

Traditional crafts with 800 years of history

Traditional hand crafts of lacquer ware inherited from the Kamakura period. It is said to begin as Buddhist implements influenced from art crafts introduced from the Song Dynasty of China. Carving patterns are mainly flowers and vegetables in Japanese style, carved with vigorous and bold lines, yet creating mildness and warmth by lacquering it.

Special Product

Hayama Area

Hayama Beef

A rare brand beef produced through time and care.

The Japanese black beef bred in Miura Peninsula are thoroughbred Wagyu, Japanese beef, and their meat became a local specialty through careful and

time-consuming breeding. Hayama beef has received considerable recognition, such as winning the Minister of Agriculture, Forestry and Fisheries Prize for five consecutive years. Being high-class Wagyu, the meat has a great balance of sweetness of red meat and softness of meat-fat which will melt on your tongue.
