# TAKUMI Kan

Explanation of Tourist Attraction

TAKUMI Kan is a shop where woodworkers in Odawara and Hakone gather to showcase the fun and functionality of wood. We sell a wide range of wood products from daily necessities to souvenirs, such as items made by "kiji hiki" (woodturning) which has been passed down for over a thousand years, and "yosegi-zaiku" (wooden mosaics) which was first used as souvenirs for travelers visiting Odawara-juku and Hakone-juku.

We regularly hold workshop events where you can experience woodworking directly from craftsmen. Why don't you join us with your children or friends to experience the appeal of wood firsthand?
